

Bay Advisor Categories for Advanced Searches

Advanced Search gives you the ability to search for categories of students through various criteria. Many students are already grouped by certain defining characteristics such as being a transfer student, a freshmen-cluster, a student-athlete, an Honors Student, etc. Within Advanced Search, you can search for these and many other student categories.

Below is a list of common student groupings with an explanation of what the Bay Advisor Category means. Utilizing categories in a search can be very helpful in determining more specific subsets of students. Categories will also appear in alphabetical order on the student overview page.
